

For the best interactive, immersive viewing experience, use a computer rather than a phone or tablet and view in full screen:

To navigate the exhibition in chronological order, use the left or right arrows at the bottom of the screen. (If these arrows disappear at any point, you can refresh the page and they will reappear.)

To navigate more freely, simply click on the areas you want to see/zoom in on (clicking on the floating blue orbs will take you directly in the rooms).

At any time, return to the main room by clicking the house icon on the right side of the screen (if you do not see this icon automatically, wave your mouse around the area at right and it will appear). The arrow icon directly below the house icon will take you back one step.
